

CAMPAIGN TO STOP KILLER ROBOTS

The Campaign to Stop Killer Robots is pleased to invite you to a

SIDE EVENT

in the margins of the Convention on Conventional Weapons on

Step-Up the Talks

Confronting autonomous weapons concerns at the CCW and elsewhere

Friday, 13 November

13:00-14:30

Conference Room XI
UN Palais des Nations, Geneva

Sandwiches and refreshments will be provided

Featuring remarks by:

- Mr. Steve Goose, HRW
- Prof. Noel Sharkey, ICRAC
- Ms. Miriam Struyk, PAX

Moderated by Ms. Mary Wareham, Campaign to Stop Killer Robots.

In this briefing, representatives of Campaign to Stop Killer Robots will:

- Assess efforts over the past two years to discuss concerns about lethal autonomous weapons systems at the Convention on Conventional Weapons, including the mandate for next year's work on the topic;
- Consider some of the technological trends towards ever-greater autonomy in weapons systems over the past two years;
- Discuss country-level developments and plans by members of the Campaign to Stop Killer Robots.

No RSVP required. For more information, please see: www.stopkillerrobots.org or contact Ms. Mary Wareham at: Tel. (646) 203-8292, wareham@hrw.org
