Who has spoken on the topic of killer robots?

A total of 70 countries have for the first time elaborated their views publicly on lethal autonomous weapons systems in a multilateral forum: 44 states in 2013, seven in 2014, fifteen in 2015, and four in 2016. Most states spoke at the Convention on Conventional Weapons as well as the United Nations General Assembly. Almost two-dozen spoke in the first debate on the matter in May 2013 at the Human Rights Council.

1. Algeria on 30 May 2013
